CELEBRATING WITH UAE

1&1 Manufacturing and Industrial Group, one of the oldest and largest Iran's food production companies, started its business in food industries in Shiraz in 1967.

The Group owns an aggregate of 10 manufacturing and trading companies that are currently active in different parts of the Iran, involved in various fields of food industries- production, distribution, sale and export. Having the record of more than 50-year rewarding enterprise, utilizing high quality technical and technological science and experience and employing more than 3000 skillful employees, workers and experts, this Group, as a Iranian founders of modern food industries, does his best to improve its quality along with its vast activities in the market. In order to do so, 1&1 employs qualified experienced experts and uses the most advanced machineries and technologies. The Group is constantly trying to achieve the highest national and international quality standards; at present, it produces and distributes more than 150 SKU of diverse packed food products through domestic and international markets

Our quality certificates of HACCP, FDA2000, ISO9001 and HALAL are our evidence of this claim.

Presently, 1&1 food products are well reputed worldwide and we have been constantly present in various markets of the global scene of food products. This Group has several times taken the place of the outstanding national paragon exporter.

Our products are recognized, approved and endorsed among a large group of customers across the world, in many countries such as the United States of America, England, France, Germany, Australia, Italy, Sweden, Canada, Japan, Mexico, India, Saudi Arabia, United Arab Emirates, Kuwait, Qatar, countries of CIS and lots of other countries. With respect to 1&1's effective presence in various international exhibitions and regarding its brilliant record in the market of many countries, now we plan to expand our export line to other target markets worldwide.

In order to respect the taste of customers in general and loyal customers of 1&1 in particular, we continuously endeavor to provide our customers with the easy access to healthy food by producing Grade 1 product from Grade 1 materials.
